INTRODUCTION

The Vermont School Data report is provided for the purpose of identifying some facts about each of our Vermont schools to be used by local administrators, state personnel and other concerned citizens.

The information reported is collected locally through the Fall Data collection.

The report is divided into four sections; public, State, parochial and private schools. The public schools are in order by the superintendent's number which is contained within the school number which precedes all information. State, parochial and private schools are shown in that order.

EXAMPLE:

Mountain Street School

01	01	031	01
County /	Superintendency /	School District /	School Type

INTRODUCTION

The Vermont School Enrollment report is provided for the use of the local school administrators, state personnel and others concerned with grade enrollment for Vermont Schools.

The information reported is collected locally through the Fall Data Collection. It is divided into two categories, elementary and secondary, each with four sections:

Elementary -	Secondary -
Public	Public
State Run	State Run
Parochial	Parochial
Private	Private

*Within each section the schools are listed, first by county code number, and second by school district code number. Totals are given by district, by county and by State.

Public Elementary includes all schools with enrollments in pre-kindergarten through sixth, ungraded and special education under the direction of the local superintendents.

State Run Elementary includes the Brandon Training School and the Eldred School at the Vermont State Hospital with enrollments in ungraded.

Parochial & Private Elementary includes all privately administered academies and boarding schools with enrollments in pre-kindergarten through sixth, and ungraded.

Public Secondary includes all schools with enrollments in seventh through twelfth, ungraded, and post high that are under the direction of the local superintendents.
